

Endress+Hauser Denmark celebrates 50th anniversary

For 50 years, Endress+Hauser has been providing sales and service support in Denmark, Greenland and the Faroe Islands, establishing itself as a trusted partner in the region.

“We are thrilled to mark this milestone. Over the past 50 years, the market's demands have evolved, and our commitment to delivering innovative solutions and reliable service has remained steadfast. We look forward to continuing our journey with our customers, helping them achieve their goals with our cutting-edge technologies,” says Virpi Varjonen, managing director of Endress+Hauser Denmark.

Endress+Hauser Denmark was founded in 1974 and is currently home to 37 dedicated employees who provide comprehensive support in process instrumentation, system solutions and services for industries such as food & beverage, life science, water & wastewater, power & energy. The office is located in Søborg near Copenhagen.

Endress+Hauser Denmark is on a growth path, having invested in expanding the facility and the workforce to serve the market and customers even better. The company is currently building a new state-of-the-art service and training center and continues to strengthen the service offering and welcoming new talents. “As we look to the future, we remain dedicated to serving our customers with the same passion and innovation that have defined our first 50 years,” concludes Virpi Varjonen.

The Endress+Hauser Group

Endress+Hauser is a global leader in measurement and automation technology for process and laboratory applications. The family company, headquartered in Reinach, Switzerland, achieved net sales of more than 3.7 billion euros in 2023 with a total workforce of almost 17,000.

Endress+Hauser devices, solutions and services are at home in many industries. Customers thus use them to gain valuable knowledge from their applications. This enables them to improve their products, work economically and at the same time protect people and the environment.

Endress+Hauser is a reliable partner worldwide. Its own sales companies in more than 50 countries as well as representatives in another 70 countries ensure competent support. Production facilities on four continents manufacture quickly and flexibly to the highest quality standards.

Endress+Hauser was founded in 1953 by Georg H Endress and Ludwig Hauser. Ever since, the company has been pushing ahead with the development and use of innovative technologies, now helping to shape the industry's digital transformation. 8,900 patents and applications protect the Group's intellectual property.
